RESERVE OF OFFICERS.

The attention of Reserve Officers is particularly directed to the following Regulation:—

An Army Reserve Officer shall report himself at the commencement of each year, in writing, to the Secretary of the War Office. Should he fail to do so he shall (unless he be an Officer retired from the Regular Forces with liability for further service in case of emergency) be removed from the Reserve of Officers at the end of the year in which he fails to report himself.

Reserve Officers reporting themselves in compliance with this Regulation, will, at the same time, furnish their addresses for the current year; and any subsequent change of address should be at once notified to the War Office.

Reserve Officers accepting service under any Government Department, County, Borough, or Municipal Authority, should notify the fact to the Secretary of the War Office as soon as possible.

[Officers whose names are printed in Italics are not immediately available for Army Service though liable to be recalled thereto.]

[Officers marked thus ‡ are voluntarily in the Reserve of Officers.]

1. *Delete* the last sentences of paragraph 88, and *substitute* the following new paragraph:—

88 (a). In calculating commissioned service, all commissioned service on the active list of the Territorial Force and of the forces mentioned in this paragraph will be counted.

An Imperial Yeomanry or Volunteer officer who, as such, transferred to the Territorial Force on (or as from) the 1st April, 1908, may also be allowed to reckon as commissioned service half of any time served, prior to that date, in the ranks of the Royal Navy and Marines, Regular Army (including Special Reserve), Honourable Artillery Company, Militia, Imperial Yeomanry, or Volunteers (including service after the age of 17 in the Colonial Forces or in a Cadet Corps or Battalion). This concession, however, will not apply (1) to N.C.Os. and men who, as such, transferred from the Imperial Yeomanry and Volunteers to the Territorial Force and afterwards became officers, nor (2) to ex-members of any of the forces mentioned in this paragraph who did not join the Territorial Force on (or as from) the 1st April, 1908. Under no circumstances will service in the ranks of the Territorial Force be allowed to be reckoned.

(*c*), and Appendix 6, Sub-Appendix II. (*b*), he will communicate with the G.O.C.-in-C. of the command in which the practice camp is situated, enquiring whether accommodation is available, and suggesting the dates which will be most suitable for the reception of the Territorial Force officers concerned. The G.O.C.-in-C. of the command in which the practice camp is situated will, in conjunction with the G.O's.C.-in-C. who send the officers, arrange for an officer of the R.A., who may be an officer of the general staff, a staff-captain to the brigadier-general commanding R.A. of a Territorial Force division, or a selected Territorial Force artillery adjutant, to act as instructor to the Territorial Force officers during their course at the practice camp.

283B. An adjutant of a Territorial Force artillery (horse, field, mountain, or heavy) unit will attend a practice camp every second year for a course of 12 working days' duration, provided he has not attended as an instructor in the same year under para. 283A. The attendance at the practice camp should take place, if possible, before the annual training in camp of the unit to which the adjutant belongs.

No special appointments under paragraph 180 will be approved during the absence of the adjutant at this course.

6. Paragraph 515. *Add*—

A.O. 234, 1910.—Army Ordnance Services Regulations—Amendments.

Part I.

1. *Delete* paragraph 139A and *substitute*—

139A. For instructions regarding provision, maintenance, repair and renewal of machinery, *see* Regulations for Engineer Services, 1910, Peace, Part 1.

Machine tools used in ordnance workshops will be taken on ledger charge with appurtenances from the point where the power is taken. Machinery supplying power or structurally part of a workshop whenever not struck off charge as fixtures (*vide* Regulations for Engineer Services, 1910) and mobile machinery supplied from the Vote for Work will be held on inventory from the R.E. Repairs to all machinery in A.O.D. charge for departmental use will, when possible, be carried out departmentally; stores or material purchased locally for the service will be charged against the appropriate subhead of Vote 8.

When the repairs are too extensive to be carried out by the A.O.D. application will be made to the C.R.E. to have them executed by the R.E. In such cases the cost of departmental labour, or of contracts for the execution of repairs made by the Engineers, will be chargeable against the Vote for Works (under the item "Miscellaneous Services performed for other departments"), but the cost of spare parts which it may be necessary to purchase will be charged to the same vote and subhead as new machinery.

The C.O.O. will be responsible that replacements or important repairs are foreseen and details submitted to the C.R.E. in time to admit of provision being made in the annual statements of services. If machinery is transferred from one workshop to another the C.R.E. will be informed so that his records may be amended.

2. Paragraph 276. Line 4, *delete* from "returning" to end of paragraph and *substitute* "dealing with any that are surplus to requirements as laid down in paragraph 604."

3. Paragraph 279. Line 14, *after* "acknowledgment" *insert* "and showing the dimensions of the cases".

4. Paragraph 435, page 63. *After* "Engineer Services." *For* "Building materials" to "building" *substitute*—

"Building materials, fixtures for the construction or repair of works and buildings and articles of machinery which are not vocabulary stores, such machinery and machine tools as are R.E. Supply."

5. Paragraph 594. *Delete* "*" and corresponding footnote

6. Cancel paragraphs 604 to 607 and corresponding footnote and *substitute*—

604. Unless special instructions are received from the War Office or the D.D.O.S., Royal Arsenal, Woolwich, the method of disposal will be decided as laid down in paragraphs 605 and 606.

605. *Stores shown in the Half-Yearly Statement of Prices obtainable at the Royal Arsenal, Woolwich.*—For these stores A.F. G 1015 will be prepared by the C.O.O. on receipt of the Half-Yearly Statement, and submitted to the superior authority (as defined in these Regulations) for instructions.

The superior authority will decide how such stores are to be disposed of, and the reserve prices which are to be placed on stores offered for sale locally, and his approval recorded on the form will be authority for the sale, or despatch to Woolwich, as the case may be, of all such stores as may be for disposal until the receipt of the next Half-Yearly Statement, when only those items need be reconsidered which show a new rate.

When it is considered desirable, a running contract for the disposal of these stores may be entered into, provided the prices offered are advantageous as compared with the nett value at Woolwich. Such contract should not, however, be made for any article liable to considerable fluctuations in price, nor in any case for a longer period than one year.

606. *Stores not included in the Half-Yearly Statement of Prices.*—For obsolete and surplus stores which are to be disposed of whole, A.F. G 1015 will be prepared and submitted for the decision of the superior authority in every case where the gross value at Woolwich of any one description of stores amounts to £10 or over.

Stores of which the gross value at Woolwich is less than £10, will be disposed of under the orders of the superior authority as may appear most advantageous, but the calculations on A.F. G 1015 need not be prepared in these cases.

607. Instructions for the preparation of A.F. G 1015 are contained in Appendix XXIX.

Action will be taken for disposal of the stores as soon as A.F. G 1015 has received the approval of the superior authority; freight being at once applied for at stations abroad for the tonnage ordered to be sent to Woolwich.

The completed A.F. G. 1015 will be retained by the C.O.O. for record, and production if required. The registered number and date will be quoted on all vouchers by which the stores dealt with are struck off charge.

608. *Delete* "†" and corresponding footnote, and *cancel* first paragraph.

7. Paragraph 613, lines 4 and 5. *Delete* the words "left in the book and".

8. *Insert* new Appendix—

APPENDIX XXIX.

Instructions for the preparation of A.F. G 1015.

(Referred to in paragraphs 603-8).

1. *Description and Number of Stores for Disposal.*—General description and number of stores or weight of produce will suffice. It will not be necessary to discriminate between "marks" of stores of kindred nature, *e.g.*, Bedsteads, Barrack, or to show condition, more than is required by the "Initial" column of the form.

2. The calculations on the form need not be prepared for the exact numbers or weight for disposal; "round" numbers or weight should be taken. These "round" numbers or weights generally to be the lots in which articles would be offered if sold locally, as this would render it easy to watch the reserve price (*see* 15 below).

Digitized by Google

3. Tonnage Packed for Transport will be ascertained by actual trial; sample lots, if necessary, being packed and then weighed or measured.

4. *Value at Woolwich.*—The value of produce from condemned stores will be ascertained from the half-yearly statements of the rates obtainable at the Royal Arsenal, which are circulated for the guidance of C.O.Os. Small quantities of obsolete stores which are being disposed of whole will be assessed at their produce value. In the case of large quantities of any one description of article, reference will be made to the D.D.O.S., Royal Arsenal, Woolwich, as to the price obtainable at Woolwich. In the case of surplus stores a similar reference will be made to Woolwich as to their value, if not already notified.

5. As the labour involved in handling stores will generally be the same, whether the stores are sent to Woolwich or sold locally, no allowance on this account need be made, except in such cases as, *e.g.*, scrap iron or steel, where stores could normally be sold as they lie, but would have to be specially packed before being sent to Woolwich.

6. In such cases the estimated cost of additional labour should be inserted. If special or additional packing cases would have to be provided, the cost of provision should also be included, but no allowance should be made for the use of packing cases available in store.

7. The actual local transport charges involved in shipping stores for Woolwich should be ascertained

8. The freight and shipping charges will be assessed at the actual rates obtaining at the station. Lighterage at Woolwich will be calculated at 1*s.* 8*d.* per ton. Freight and lighterage charges do not affect those home stations from which stores are brought to Woolwich by vessels of the War Department.

9. Freight to Woolwich means transport by cheapest route.

10. The charges at Woolwich will be calculated on the tonnage packed for transport at 4*s.* 2*d.* per ton heavy, and 7*s.* 6*d.* per ton light; this will normally be sufficient to cover the cost of unloading and handling at Woolwich and allow a small margin for depreciation of packages. If, owing to the stores being exceptionally heavy or bulky, it is deemed desirable to assess a heavier charge, the reason should be briefly recorded on the Form.

11. Nett Value at Woolwich is the difference between the value calculated under 4 and the sum of the charges under 5.

12. Local Price Obtainable will be estimated from the result of previous sales or by calling for tenders.

13. *Local Sale Expenses.*—Any expenditure which may be necessitated by local sale should be included, *e.g.*, cartage to sale ground, customs or other dues when these have to be paid. If an auctioneer is employed, his fee should also be shown. As regards local labour *see* 5 above.

14. Nett Local Value is the difference between 12 and 13.

15. *Reserve Price.*—For stores to be disposed of locally, unless the quantities are very small, a reserve price will be fixed to obviate the risk of serious loss to the public. This reserve price will not be less than 90 per cent. of the nett value at Woolwich (*see* 11 above).

16. *Disposal recommended.*—A comparison of the amounts obtainable under 11 and 14 will show which is the more advantageous method of disposing of the stores. Should it be decided to adopt the apparently less advantageous method of the two, special reason for the action taken will be recorded on the Form.
